Subpart B—Alcohol Misuse Prevention Program

SOURCE: Amdt. 199-9, 59 FR 7430, Feb. 15, 1994, unless otherwise noted.

§ 199.200 Purpose.

The purpose of this subpart is to establish programs designed to help prevent accidents and injuries resulting from the misuse of alcohol by employees who perform covered functions for operators of certain pipeline facilities subject to parts 192, 193, or 195 of this chapter.

§ 199.201 Applicability.

This subpart applies to gas, hazardous liquid and carbon dioxide pipeline operators and liquefied natural gas operators subject to parts 192, 193, or 195 of this chapter. However, this subpart does not apply to operators of master meter systems defined in § 191.3 or liquefied petroleum gas (LPG) operators as discussed in § 192.11 of this chapter.

§ 199.202 Alcohol misuse plan.

Each operator shall maintain and follow a written alcohol misuse plan that conforms to the requirements of this subpart and the DOT procedures in part 40 of this title. The plan shall contain methods and procedures for compliance with all the requirements of this subpart, including required testing, recordkeeping, reporting, education and training elements.

§ 199.203 Alcohol testing procedures.

Each operator shall ensure that all alcohol testing conducted under this subpart complies with the procedures set forth in part 40 of this title. The provisions of 49 CFR part 40 that address alcohol testing are made applicable to operators by this subpart.

§ 199.205 Definitions.

As used in this subpart:

Accident means an incident reportable under part 191 of this chapter involving gas pipeline facilities or LNG facilities, or an accident reportable under part 195 of this chapter involving hazardous liquid or carbon dioxide pipeline facilities.

Administrator means the Administrator of the Research and Special Programs Administration (RSPA), or any person who has been delegated authority in the matter concerned.

Alcohol means the intoxicating agent in beverage alcohol, ethyl alcohol or other low molecular weight alcohols including methyl or isopropyl alcohol.

Alcohol concentration (or content) means the alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath test under this subpart.

Alcohol use means the consumption of any beverage, mixture, or preparation, including any medication, containing alcohol.

Confirmation test means a second test, following a screening test with a result 0.02 or greater, that provides quantitative data of alcohol concentration.

Consortium means an entity, including a group or association of employers, recipients, or contractors, that provides alcohol testing as required by this subpart or other DOT alcohol testing rules and that acts on behalf of the operators.

Covered employee means a person who performs on a pipeline or at an LNG facility an operation, maintenance, or emergency-response function regulated by parts 192, 193, or 195 of this chapter. *Covered employee* and *individual or individual to be tested* have the same meaning for the purposes of this subpart. The term covered employee does not include clerical, truck driving, accounting, or other functions not subject to parts 192, 193, or 195. The person may be employed by the operator, be a contractor engaged by the operator, or be employed by such a contractor.

Covered function (safety-sensitive function) means an operation, maintenance, or emergency-response function that is performed on a pipeline or LNG facility and the function is regulated by parts 192, 193, or 195.

DOT agency An agency (or operating administration) of the United States Department of Transportation administering regulations requiring alcohol testing (14 CFR parts 61, 63, 65, 121, 135; 49 CFR parts 199, 219, 382, and 654) in accordance with part 40 of this title.

Employer or operator means a person who owns or operates a pipeline or LNG facility subject to parts 192, 193, or 195 of this chapter.

Performing (a covered function): An employee is considered to be performing a covered function (safety-sensitive function) during any period in which he or she is actually performing, ready to perform, or immediately available to perform such covered functions.

Refuse to submit (to an alcohol test) means that a covered employee fails to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement to be tested in accordance with the provisions of this subpart, or engages in conduct that clearly obstructs the testing process.

Screening test means an analytical procedure to determine whether a covered employee may have a prohibited concentration of alcohol in his or her system.

State agency means an agency of any of the several states, the District of Columbia, or Puerto Rico that participates under the pipeline safety laws (49 U.S.C. 60101 *et seq.*).

§ 199.207 Preemption of State and local laws.

(a) Except as provided in paragraph (b) of this section, this subpart preempts any State or local law, rule, regulation, or order to the extent that:

(1) Compliance with both the State or local requirement and this subpart is not possible;

(2) Compliance with the State or local requirement is an obstacle to the accomplishment and execution of any requirement in this subpart; or

(3) The State or local requirement is a pipeline safety standard applicable to interstate pipeline facilities.

(b) This subpart shall not be construed to preempt provisions of State
